1.3 Project << *Video surveillance and information management system in order to increase social safety and prevention of criminality within the Baicului area* >>

Project total value: EUR 777,711

Amount requested from ROP funds: EUR 550,560

PS2 co-financing: EUR 227,151

General objective of the project:

Improving the social services within the Baicului area in the context of sustainable and durable growth of the lifestyle and creation of jobs.

Specific objectives:

- Increasing social safety and security of the inhabitants of the Baicului area, area which is confronted with criminality problems;
- Preventing criminality by having more efficient activities of recognizing, detecting and combating criminality;
- Improving the quality of public social services through the modernization and information of operational management and of the resources necessary for combating criminality.

During the project the following were achieved:

- ✓ *an integrated video monitoring system comprising 47 video cameras;*
- ✓ *a dispatch endowed with specific equipment and software.*

The system monitors the public interest objectives in the area :

- ✓ *a school and a kindergarten;*
- ✓ *the refugees center;*
- ✓ *the Lunca Florilor park;*
- ✓ *the Baicului shopping center.*
- ✓ *the street network*

2. Integrated plan of urban development of the Creangă area

Projects:

2.1 – Creation of a public utility park in the Ion Creangă neighborhood;

2.2 - Video surveillance and information management system in order to increase social safety and prevention of criminality within the Creangă area.

2.1 Project <<*Creation of a public utility park in the Ion Creangă neighborhood*>>

Project total value: EUR 2.156,680

Amount requested from ROP funds: EUR 1,629,311

PS2 co-financing: EUR 527,369

General objective of the project

Increasing the quality of life and the social cohesion level, by improving the urban infrastructure of District 2 of the Municipality of Bucharest, “Ion Creangă” neighborhood.

Specific objective:

- Creation of a park having a surface of 1.96 ha;

The area that was fitted up was initially transformed in a location for non-authorized storage of waste by the population of the area.

During the project the following activities were carried out :

- ✓ ***Rehabilitation of the existing vegetation and planting of dendrologic material on a surface of 16,500 square meters;***
- ✓ ***Paving of alleys having a surface of 1,796 square meters;***
- ✓ ***Endowment with modern furniture;***
- ✓ ***Landscaping with visual impact;***
- ✓ ***Endowment with 30 trash bins for selective waste collection;***
- ✓ ***Establishment of a lighting installation powered with solar energy having a length of 2 Km;***
- ✓ ***Establishment of automated irrigation networks;***
- ✓ ***Establishment of playgrounds;***
- ✓ ***Establishment of recreational areas;***
- ✓ ***Establishment of bicycle lanes;***
- ✓ ***Positioning 4 electronic information kiosks and 4 information panels.***

1.2 Project: <<*Video surveillance and information management system in order to increase social security and prevent criminality in the Creangă area*>>

- **Project total value:** EUR 807,521
- **Amount requested from ROP funds:** EUR 579,944
- **PS2 co-financing:** EUR 227,577

General objective of the project :

Improving the social services of the Ion Creangă area in a context of sustainable and durable development of the lifestyle and creation of qualitative jobs for everyone.

Specific objectives:

- Increasing social safety and security of the inhabitants of the Ion Creangă area, by implementing an integrated video monitoring system of the public domain;
- Preventing criminality by having more efficient activities of recognizing, detecting and combating criminality;
- Improving the quality of public social services through the modernization and information of operational management and of the resources necessary for combating criminality.

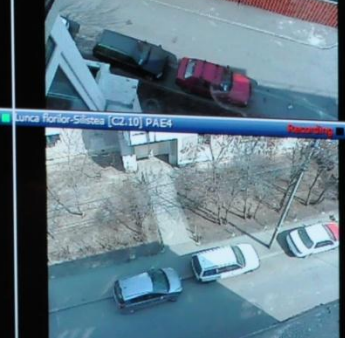

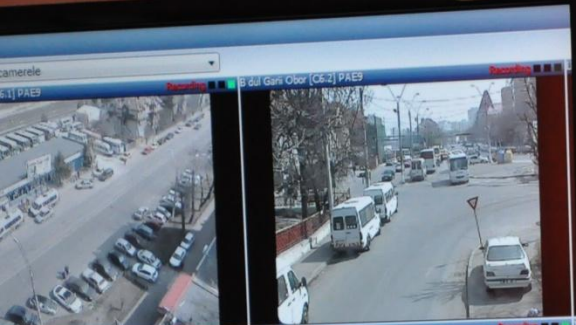

During the project the following were achieved:

- ✓ *an integrated video monitoring system comprising 48 video cameras*
- ✓ *a dispatch endowed with specific equipment and software.*

The system monitors the public interest objectives in the area

- ✓ *School no. 32;*
- ✓ *School no. 41;*
- ✓ *The Victor Babeș High-school;*
- ✓ *The streets neighboring the EUROPA Shopping center;*
- ✓ *The streets neighboring the CARREFOUR Shopping center;*
- ✓ *The area of the Fundeni park;*
- ✓ *The streets neighboring the Fundeni hospital.*

3. Integrated Plan of Urban Development of the Plumbuita – Steaua Roșie – Petricani area

*It proposes 2 priority projects (during the pre-contracting stage)
having a value of EUR 3,885,640*

Projects:

- <<Modernization of the streets located in the Steaua Roșie, Plumbuita neighborhood>>;
- <<Video monitoring system in order to increase safety and prevent criminality in the Plumbuita - Steaua Roșie – Petricani area>>;

3.1 Project: <<Modernization of the streets located in the Steaua Roșie, Plumbuita neighborhood>>

Project total value:

EUR 807,521

Amount requested from ROP funds:

EUR 579,944

PS2 co-financing:

The construction works that shall be carried out during the project comprise mainly the installation of recreational equipment:

- ***Roller coaster*** – this equipment shall most probably be the main attraction of the park and the first one of its kind in Romania.
- ***3 Playgrounds*** – two classic playgrounds with swings and slides and one playground with inflatable objects that shall be positioned on rubber pavement.
- ***House of Horrors*** – a classic attraction of amusement parks
- ***The Big wheel*** – with a height of 63 m, having 44 closed cabins, air conditioning in order to be utilized during winter, as well as during summer.
- ***Swinger***
- ***Small wheel*** – with a height of 16 m and 12 closed cabins.
- ***Carousel*** – a classic attraction of all amusement parks, known also as the Merry go Round. It will have a height of 6 m and a diameter of approximately 8 m.
- ***Electric cars*** – 12 such electric cars or Bumper Cars shall be installed, addressing the age groups up to 18 years.

Conclusion:

As you have observed from the presentation, District 2 of the Municipality of Bucharest fully utilized the opportunity of accessing European funds in order to implement the projects of local interest, in the benefit of its citizens.

Thank You!
